Recycle Content of Bayseal CCX / CCXP SPF Systems

To Whom It May Concern,

This letter is in regards to recycle content of Bayer MaterialScience spray-applied polyurethane foam systems. The recycle content in these systems is obtained from pre-consumer and post-consumer Polyethylene Terephthalate (PETE) scrap used in the manufacture of one of the raw materials. The total percentage by weight in the reacted foam system is listed below:

System ID	Bayseal CCX/CCXP
% Pre-Consumer Recycled Content	2.0%
% Post-Consumer Recycled Content	5.5%

This information is not to be displayed or distributed publicly. If you require further information please feel free to contact me directly.

Yours sincerely,

Richard R. Romero
Spray Polyurethane Foam Technical Manager
