PRODUCT REPLACEMENT

This is not a Consumer Warranty.

DuPont provides the following warranty to Builders, General Contractors or Professional installers upon the terms and conditions set forth herein.

The DuPont™ RoofLiner product (hereinafter “RoofLiner Product”) originally installed as a standard part of the building envelope on a building roof identified by ICC-ES AC 188, in the United States, and CAN/CSA A220.1 in Canada, entitles you to certain quality assurance standards as provided in this DuPont™ RoofLiner Product Replacement 30-Year Limited Warranty (“warranty”).

This 30-Year Limited Warranty is effective for this product purchased and installed after September 15, 2009.

PRODUCT ONLY WARRANTY

If the RoofLiner Product is repaired or replaced, the warranty will continue from the original date of purchase and not from the date of repair or replacement.

This warranty DOES NOT COVER any damages arising from:

2. Acts of God, including but not limited to, fire and lightning, hurricane, high winds;
3. Vandalism or attack by any party;

5. Foreign objects or agents, including incompatibility of materials;
6. UV exposure of the RoofLiner Product in excess of that set forth in the applicable Physical Properties Data Sheet;

Installation Guidelines are available by calling 1-800-448-9835 and online at www.roofing.dupont.com. While non-DuPont Weatherization Systems brand products can be used during installation of RoofLiner Product, in order to achieve optimal weather-resistive protection, DuPont recommends that you use only DuPont™ Tyvek® Weatherization Systems brand products.
